Home Page

Once you have successfully logged into the eCampus, your **Home Page** will be displayed. From the Home page, you can enter into your courses where you can access features that will allow you to add and arrange content, design activities and assess participation.

Any courses you have been enrolled in will be shown on this page.
Typically, the page layout of your course will have the following sections.

1. **Primary tabs** – Click this to go to your Home Page, also contains help for students and staff.

2. **Site Menu navigation block** – Takes you to your Home Page, allows you to edit your profile, including uploading a picture. You can also view any posts you have made, check your calendar, email and messages.

3. **Login information** – Click to logout.

4. **Toggle layout** – Enables you to dock and undock your blocks so you can adjust your screen area.

5. **Message area** - Displays any messages your lecturer posts.

6. **Maintenance message area** – Displays messages regarding the eCampus online system.

7. **My Courses** information – Displays the list of courses which you have access.
Topic navigation

The Course Menu block provides a quick means of navigating through your list of topics.

<table>
<thead>
<tr>
<th>Turn editing on</th>
<th>Turn editing on</th>
</tr>
